SUMMARY

Full Stack Developer experienced in HTML, CSS, Javascript, OOP, NodeJS, React, Redux, Git, PostgreSQL. Possess strong skills in logic, algorithmic and system thinking that help to design, develop, test and launch functional applications. Broad knowledge, engineering skills, the ability to identify key aspects, while seeing the whole task, and a quick learning capability enable efficient understanding of tasks and conditions, allowing the development of solutions for both client-side and server-side. Looking for new opportunities to apply knowledge and skills in full stack development of applications of any scale.

TECHNICAL SKILLS

HTML, CSS, Bootstrap, Javascript, Typescript, OOP, NodeJS, JSON, API, HTTP, Express, React, Redux, Git, SQL, PostgreSQL, Google Cloud API

TECHNICAL PROJECTS

Hamsters Network - [Github](#) | [Demo](#)

A safe space for families to share photos of their children.

- Utilized Google Cloud Storage for private storage of photos
- Used authenticated URLs for safely receiving files
- Implemented user registration and authentication
- Utilized registration of new users only via invitation links
- Utilized JSON Web Tokens to store encrypted user information client-side
- Used Neon PostgreSQL for storing database
- Used in general NodeJS, Express for server-side and React, @mui/material, axios for client-side

EXPERIENCE

Electrochemical production worker

Strauss & Co

Raanana, Israel

11/2023 - 05/2024

- Studied the work processes
- Correctly and timely executed production operations
- Trained to perform more complex procedures
- Prepared a report with production improvement suggestions for the owner

Senior Specialist in Procurement of Reactor Equipment for Nuclear Power Plants

Rosatom subsidiary company

Moscow, Russia

08/2011 - 10/2020

- Worked in teams of designers, constructors, manufacturers, and customers to produce reactor equipment for nuclear power plants
- Drew up clear technical specifications for products, implemented them into the design flow, and monitored the manufacture and testing of equipment.

EDUCATION

Full Stack Web Development, Python and JavaScript program

Developers Institute, TLV Coding Bootcamp

Ramat Gan, Israel

05/2024 - 08/2024

Master degree in Engineering

Moscow Power Engineering Institute (Technical University)

Nuclear power plants engineering

Moscow, Russia

1995 - 2001

LANGUAGES

English - Fluent, Hebrew - Basic, Russian - Native
